

Animal Care Coordinator

Second Chance Animal Center is searching for a talented individual to oversee all aspects of animal health care in our facility. Veterinary Technician license is a plus. Five years of vet tech experience a must. This individual performs medical work-ups and exams on all new arrivals, runs blood chemistries, anesthetizes and assists vets in surgery and consults with on staff veterinarians to formulate course of treatment for sick animals. Other duties include medical supply and medication orders, oversight of proper cross-contamination protocols throughout shelter, supervision and development of in-house vet techs, education of volunteers and staff on feline and canine diseases.

Send resume to SCAC, PO Box 620, Shaftsbury, VT 05262 or contact Tina or Sharon at (802) 375-2898. EOE. Visit us online at www.2ndchanceanimalcenter.org.

This is a unique career opportunity for a talented veterinary technician with strong leadership skills.
